Eric "Dirty Red" McDaniel

Ike Lamb

Forrest Worrell

John Stendel

Dirty Red & The SoulShakers are a modern-day powerhouse-blues band, built on old-school influences and a mutual love for the down'n'dirty style of blues that defines the band's sound. A dangerously tight rhythm section, backing a funky, shake-your-money-maker groove, guarantees ladies dancing and good times! Top that with wailing blues harp, jaw-dropping guitar licks, and the unmistakable charm and soul of the towering blues-man they call, "Dirty Red," and you can bet you're gonna find yourself hooked!

Influences vary from Muddy Waters, Howlin' Wolf, Junior Wells, Little Walter, Slim Harpo, RL Burnside, Buddy Guy, Buddy Holly, Michael Bloomfield, Otis Rush, Otis Redding, James Brown, Booker T & The MGs, Jimmy Reed, The Rolling Stones, Jimi Hendrix, Elmore James, and Bo Diddley. The SoulShakers have set themselves as high a standard for delivering a pure sound, worthy of such company.
